

Devam Joshi

BACKEND DEVELOPER

OBJECTIVE

To advance my career in software development by specializing in Laravel for backend development and mastering the MERN stack for full-stack proficiency. I aim to leverage my skills in building scalable, efficient, and user-friendly web applications, contributing to innovative projects that drive technological advancement and user satisfaction.

EXPERIENCE

SENIOR LARAVEL/PHP DEVELOPER

JUNE 2023 – PRESENT

Led the development of complex web applications leveraging Laravel framework. Specialized in designing and optimizing RESTful APIs for seamless integration with frontend and third-party services. Proficient in Figma design for UI/UX enhancements and prototyping. Led architectural decisions, mentored junior developers, and conducted code reviews to maintain high standards of software quality and performance.

JUNIOR LARAVEL/PHP DEVELOPER

AUG 2022 – JUNE 2023

Developed and maintained web applications using the Laravel framework. Implemented and optimized backend solutions, managed databases, and integrated APIs. Collaborated with cross-functional teams to deliver high-quality software, ensuring scalability and performance. Enhanced system architecture and contributed to code reviews and troubleshooting.

LARAVEL INTERN

FEB 2022 -JUL 2022

Assisted in designing, developing, and maintaining web applications using the Laravel framework. Collaborated with senior developers to implement backend solutions, manage databases, and integrate APIs. Gained hands-on experience in PHP and web technologies, contributing to innovative projects in a dynamic team environment.
